# SHUBHANKAR GAHAN

Entry Level Postgraduate | Web Developer
Mobile: +91 9337543073 Email: sgahan18p@gmail.com

## Summary

"As an MCA student, I aim to blend IT skills with creativity to build scalable, secure systems that make a lasting impact and support a company's goals."

## Education

**Master of Computer Application (MCA)**                                          **2023 - 2025**
Sri Sri University (SSU), Cuttack, Odisha                                          CGPA  9.08

**Bachelor of Science (B.Sc.)**                                                   **2019 - 2022**
Fakir Mohan University, Balasore, Odisha                                           CGPA – 9.22

## Technical Skills

- **Programming Languages:** Python, Java, C++
- **Web Technologies:** HTML, CSS, JavaScript, Bootstrap.
- **Databases:** MySQL, SQL, phpMyAdmin , PL/SQL (Basics)
- **Development Tools:** VS Code, NetBeans, Eclipse
- **Version Control:** Git, GitHub
- **Other:** Figma , MS Office , Google Co Lab

## Internships

**IBM SkillBuild Internship at IBM & CSRBOX**                    **June 2024 - August 2024**
Internship

- Gained practical experience in project management and web application development using HTML, CSS, and JavaScript, while enhancing problem-solving and critical thinking skills.

**SequSpace Pvt Ltd**                                            **may 2024 — July 2024**
Internship

- Designed and managed MySQL databases, optimizing for performance and scalability.
- Implemented CRUD operations (Create, Read, Update, Delete) to facilitate seamless data manipulation.
- Developed and deployed REST APIs using Java Spring Boot, ensuring secure and efficient database interaction.
- Collaborated with front-end teams to integrate APIs, supporting real-time data exchange between client and server
- Deployed APIs on AWS (EC2), ensuring scalable and reliable backend deployment.
- Documented API endpoints, database structures, and deployment processes for ease of future maintenance.

## Projects

**MCA-connect Web App**

- Contributed significantly to the development of MCA Connect, a comprehensive web application designed to streamline academic resources and foster collaboration within the MCA program.
- The platform facilitates easy access to all study materials for our class, offering a centralized repository for essential resources.
- The web app is successfully hosted on Firebase, ensuring accessibility and reliability for the MCA community
- Moreover, took an active role in continually refining the platform by ensuring the smooth uploading and seamless distribution of study materials

## Certifications & Achievements

- CSRBOX: Web Development Internship Plan 2024
- Cisco certified programing essentials in C
